3

|     |     |                                                                                                                                      |     |     |     |         |
|-----|-----|--------------------------------------------------------------------------------------------------------------------------------------|-----|-----|-----|---------|
| 問 1 | (あ) | called                                                                                                                               |     | (い) | are |         |
| 問 2 | (A) | ウ                                                                                                                                    | (B) | オ   | (C) | エ (D) イ |
| 問 3 | (う) | 都会には、良い仕事を見つけたためのより多くの機会[チャンス]がある。                                                                                                   |     |     |     |         |
|     | (え) | 都会には、車や工場によって引き起こされる多くの大気汚染がある。                                                                                                      |     |     |     |         |
| 問 4 | (1) | She has lived [in Sydney] for about five years.                                                                                      |     |     |     |         |
|     | (2) | She thinks that it's more exciting and more fun. / Because [they can make more money and] there are more chances to find a good job. |     |     |     |         |

4

|     |                                                       |  |  |  |  |
|-----|-------------------------------------------------------|--|--|--|--|
| (1) | That player can run the fastest of all.               |  |  |  |  |
| (2) | Have you ever read a book that Haruki Murakami wrote? |  |  |  |  |
| (3) | Could you tell him to call me back?                   |  |  |  |  |
| (4) | I don't think that she can speak Japanese.            |  |  |  |  |
| (5) | Why is it important for us to study English?          |  |  |  |  |

5

|                                                                                                                                                                   |  |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| I think schools should have school uniforms. First, school uniforms give students pride in their school. Having school pride helps students feel happy at school. |  |
| Second, school uniforms are convenient for students. They can get dressed quickly in the morning. For these reasons, I think schools should have school uniforms. |  |
| OR.                                                                                                                                                               |  |

|                                                                                                                                                                                |  |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| I think schools should not have school uniforms. First, school uniforms don't allow students to show their personality. Students are happier when they can express themselves. |  |
| Second, school uniforms are very uncomfortable. Pants are too hot in the summer. For these reasons, I think schools should not have school uniforms.                           |  |
